

HISTORIC
CEDAR GLEN
FARMSTAY

Visit us this Spring or Summer

There are many wonderful experiences here in the Lost World Valley that are only available in the warmer months. They've been our secret for years, but now you can enjoy them too with a visit to Cedar Glen between October and March.

When you want to relax, rejuvenate and cool off this summer, don't fight the crowds or the hustle and bustle of the Gold Coast. Instead

Cool off in the crystal clear water of your own private swimming hole.

Cross the river on horse back with spectacular views to rainforest-covered mountains.

Laze in the shade of 100 year old trees with a picnic lunch.

Kick back on the river bank with a glass of wine as you watch the platypus play at your feet.

Enjoy the summer breezes from your own private verandah.

If you're feeling energetic, flick a few lures for Australian Bass in the Albert River.

Contact us now for great rates on your Spring or Summer getaway.
